GOOD LUCK DIANE
Love Dad

Once again we have arrived at the close of the school year. Two hundred and sixty-two seniors are at the crossroads of their educational opportunities. In so doing some will continue in institutions of higher learning; some will continue in technical schools; while still others will feel that this is the time to fulfill their military obligations.

All of you are to be commended for your completion of this phase of education, and as you leave, I wish to thank you for the leadership role you have taken during your four years here.

The faculty and I wish each of you success, health and happiness in the days ahead.

CLASS HISTORY

In September of 1963, a new adventurous class entered into the life of Mountain View High School — The Mighty Class of '66. Naturally, as a Freshman Class, we slowly got accustomed to the traditions and routines of Mountain View, under the leadership of class presidents, Ken Crippen and Steve Suzuki. Out of our shells, the '66 Eagles returned the following September as great, experienced Sophomores. With presidents, Bob Horrillo and David Engberg, we had a great variety show entitled "Hits of '66," and a marvelous class day under the leadership of Miss Hoffacker and Mr. Schwarze. The Class of '66 was also represented on the Student Council, as Jean Imai, Connie Cullen, Steve Suzuki, Jackie Chan, and Dave Engberg held council positions.

Pulling into full force as upperclassmen in 1965, the Class of '66 presented the Junior Variety Show, "66 A-Go-Go," and a wonderful Junior Prom, "La Nuit d'Amour." Leading the Student Body as President was a member of the Junior Class, Tom Siemson. Serving with him were fellow classmates, Dave Engberg, Jean Imai, Steve Suzuki, and Jackie Chan. Our class also had several members participating in the "Student in Government Day." Leading our class in these numerous activities throughout the school year were Chris Jochim and Sammy Roye.

September of 1965 found M.V.H.S. with a spirited and powerful Senior Class. With Mr. Dienger and Mrs. Graham, Class Advisors, and Steve Suzuki, Ken Polk, Angie Vann, Linda Hoshida, and Bob Horrillo, Class Officers, the Class of '66 was able to make a deep impression on the history of Mountain View High. With the progress of the year, the Senior Class presented the Senior Variety Show, "Magic Mania," the Senior Play, "Alice in Wonderland," the Senior Ball, and Senior Day. Again we had a student council leader in our class, as Bob Randall served as A.S.B. President. Wrapping up our four wonderful years, we fall upon the long-awaited Senior Supper and finally, the Graduation exercises of the 1966 Class of Mountain View High School.

This is our year—our year to set examples, to lead activities, to plan for the future, and to engage in the fun one can only experience as a Senior. At no other time does an individual have the opportunity to engage in so many activities and to be so vital a part of the total success of a class. This year, 1966, has been filled with experiences adding to our past and preparing us for the future.

ADVISORS

Mr. Dienger

The Class of '66 may look back upon a successful and rewarding year. The class and individuals within the class have experienced both high and low points throughout the year. Although the class perhaps lacked outstanding leadership at the beginning of the year, class President Steve Suzuki and his officers came through to develop some of the best organized activities of the past few years.

"Magic Mania '66," the Variety Show brought forth the many hidden talents within the class. The class also successfully undertook a tremendous task with "Alice In Wonderland" as the Senior Play.

The year's culminating activities of Senior Day at Uvas Meadows and Senior Supper at the Elks Club brought to a close a year worth remembering.

EXCHANGE

DAVID ENGBERG TRAVELED TO GERMANY . . .

"To spend a year abroad"—what a thought it was when I first applied for A.F.S. It was so inconceivable, even when that long awaited letter arrived almost a year ago.

That year that I dreamed about is almost behind me, and soon I'll have to leave my home in "Deutschland". But I won't leave behind all my experiences; they will stay with me forever. I'll never be able to forget all the wonderful people who have made an impression on my life.

Living a different life with the people of a different land has made me optimistic about the future of civilization. Only now can I realize how universally alike man is, and only now, with this realization, can I love Mankind.

The opportunity for world understanding should be open to everyone. Through the American Field Service it is open to all of you. I hope many of you will become involved in A.F.S., for then may we walk together and talk together. Then and only then will we have peace.

I'll soon be returning to my home in America, and I hope to share with you, personally, all the experiences you have helped me to have. Until then, thank you A.F.S., thank you Miss Hoffacker, thank you faithful correspondents and "Danke schon" Mountain View High.

Dave Engberg

STUDENTS

JEAN IMAI TRAVELED TO AUSTRIA . . .

I wish that all of you could have shared my experiences of the past summer with me, for unfortunately I will never be able to tell you fully about my moments in Austria, my second homeland, and about the spirit of A.F.S.

The A.F.S. spirit was captured when, on the Fourth of July, we sang "The Star-Spangled Banner" while on board ship off the coast of England; when we all reached out despite language barriers and unfamiliar situations to live with and be part of a foreign family; when we united as a team who were proud to say, "We are American."

With this spirit, I ventured to spend an unforgettable stay with the Jenni family. With them I shared many memorable experiences—the times we climbed our hill to watch the sunset, all of those bicycling trips, those long talks with Vater and Mutter, my first party, my first attempts at speaking German, our last good bye.

Perhaps out of all my memories the most important is what I discovered from my fellow A.F.S.ers and from the Austrians, especially my family: that it takes so little to understand people, to appreciate one's surroundings and just enjoy life. As the American Field Service says, "Walk together, talk together all ye peoples of the earth for then and only then will ye have peace."

"Vielen Dank," Miss Hoffacker and MVHS for allowing me to help contribute to this A.F.S. ideal of world understanding.

MEET BELEN FROM THE PHILIPPINES . . .

I can't find words to describe fully how exuberant I have been during my stay here. I have enjoyed every moment of my life in this beautiful town and this has indeed been a wonderful and profitable year for me.

Before going back to my country, the Philippines, I would like to give my sincere and heartfelt thanks to my dear family here, the Daniel Cunha's, for letting me feel at home. I have really appreciated the hospitality of this high school's administration, the benevolence of the teachers and the cordiality of the students to me. All these, I shall always remember.

Once again, thank you very much for everything and keep supporting the American Field Service Program.

BOYS' STATE

California Boys' State is a working government of 850 boys fostered by the American Legion and dedicated to the principles of democracy. From the first day orientation to the final closing ceremony an atmosphere of inquiry and constant action enveloped Boys' State. Within the one week period debate, exchange of ideals, and discussion on controversial subjects gave a meaningful purpose to this democratic society we created. I was able to talk with boys from over the entire state and found that we shared similar interests and faced similar problems. The boys themselves comprised the state and it was their enthusiasm and devotion to democratic ideals that sustained the entire program.

I am grateful to the school and the American Legion that I was given the opportunity to participate in this practical learning process.

Diane, I'm so sorry that we didn't become friends earlier in the year. I've always noticed you because you're so pretty and I always knew your name, but somehow it's taken us til just these last few weeks to know each other. You're a very beautiful, sweet girl with a great personality and although I hardly know you I think a great deal of you.

Love ya
Sandy

Diane, I'm so sorry that we didn't become friends earlier in the year. I've always noticed you because you're so pretty and I always knew your name, but somehow it's taken us til just these last few weeks to know each other. You're a very beautiful, sweet girl with a great personality and although I hardly know you I think a great deal of you.

Love,
